

Lake Forest Library Services with Free Mobile Apps

BookMyne Mobile app: Access your library account from your mobile device using your library card number and password. Search and place holds in the library catalog and scan the ISBN barcode of items that interest you to see if they're in the library's collection. **Available for:** iPhone and iPod Touch (via App Store).

**Apple BookMyne
App (iPhone, iPod
Touch, and iPad)**

EBSCOhost Mobile app: Search all EBSCO databases subscribed to by the library from your mobile device. **Available for:** Android, BlackBerry, Dell Axim, iPhone, and Palm 750. To download the EBSCOhost app, access EBSCOhost on your mobile device via the library's website. Click the link at the bottom of any EBSCOhost page to email yourself the download instructions, access key, and a link to the App Store.

Freegal Mobile app: Search for and download three music tracks per week chosen from about 3 million songs, including all of the Sony Music catalog. Then use the app to play and organize your selected tracks. **Available for:** Android phones and tablets (via Google Play store); iPhone, iPad, and iPod Touch (via the App Store). Once you have downloaded the app, enter your home zip code and choose Lake Forest Library from among the subscribing libraries. Then enter your Lake Forest Library card number, and, once validated, you can begin searching for and downloading music.
